

### Diving Courses

From the first steps in scuba diving up to Instructor

### Guided Dive Trips

3 boat dives a day, departing from the ANFI Marina

### Guided Snorkel Trips

Discover the costal bays from Gran Canaria

Gran Canaria offers great and endless scuba diving possibilities. The water temperature (18° to 22°), great marina infrastructures and perfect sea and wind conditions guarantee great Scuba Diving through the entire year. The island surprises with the biological and ecological wealth of its marine landscape.

## It's all about having a great time!

The centre offers a flexible planning for beginners and experienced scuba divers. Giving courses we work in small groups allowing to adapt the planning to your holiday plans. At the end it's all about having a great time. Our boat is taking experienced divers and snorkelers to the most beautiful dives sites of South Gran Canaria twice a day. Rays, Angel Sharks, Murenes, Damsel-fish, Barracudas... every dive has its surprises!

With our location in the beautiful ANFI Marina in Arguineguin, our boat brings you comfortably to most of the dive sites in the area. Pasito Blanco, Mogan Wrecks, Arguineguin Reef and the Meteor are only a few examples of what there is to see. Check our website [www.scubasur.net](http://www.scubasur.net) to find out about all the sites!

For divers looking for some real adventure, we plan a night dive on a weekly basis. On demand we also organise dive excursion to the northern dive sites such as El Cabron, La Catedral and Sardina del Norte.

**Scuba Sur Diving Gran Canaria**

Scuba Sur Diving Gran Canaria offers you all the scuba courses, from novice user up to Dive Master.

All training sessions are done in small groups (max 2 students per instructor). Where possible we try to assign you an instructor speaking your native language, all to personalise your course and make it very comfortable.

Regardless whether you go for a PADI or an SSI course, our experienced team of instructors follows all standards and procedures very close thus making your course a fun experience in the most secure conditions.

## Your first diving experience!

Always wondering what scuba diving is about? Join us for the *Introduction Dives*. You do not require a diving license. We guarantee you a great first experience.

During an *Introduction Dive*, you dive with full diving gear, under the supervision of an experienced instructor, from the beach or the boat.

Check in the shop for a booking!

As of 8 years old

Kids as of 8 years learn to use scuba equipment by playing amusing games. At the end of this adventure they receive their PADI Bubblemaker Certificate
